Main fields of work

- Economic promotion and locational policy at the regional and local level
- Participatory methods for cluster and local economic structure analysis, in particular Participatory Appraisal of Competitive Advantage (PACA)
- Participatory analysis of local innovation systems – Rapid Appraisal of Local Innovation Systems (RALIS) methodology
- Industrial policy, governance structures for industrial competitiveness
- SME support and promotion
- Technology policy in advanced Developing Countries and Industrialized Countries
- Technology institutions, innovation systems, knowledge-based development
- Competitiveness and sustainable development
- Impacts of new management techniques in industry
- Foreign direct investment
- Political and economic development in Brazil

Languages Fluent in German, English, and Portuguese, working knowledge of Spanish

Education

1995 Doctoral degree received from University of Hamburg, Faculty of Social Sciences (magna cum lauda)

1979-86 University of Hamburg, M.A. in Political Science (“Diplom-Politologe”)

Professional experience:

since 10/2001	Full-time free-lance consultant
10/1998 – 09/2001	Fellow at the Institute for Development and Peace, University of Duisburg, in charge of project to assess the overall performance of structural policy in Northrhine-Westphalia
10/1988 – 07/1998	Fellow at the German Development Institute, Berlin
1987/88	Research officer in a research project on the impact of office automation systems on white-collar workers, University of Hamburg, Computer Science department
1998 - 2001	German representative in the United Nations Commission on Science and Technology for Development (UNCSTD)
Sept.-Oct. 1996	Visiting Fellow at Institut Arbeit und Technik, Gelsenkirchen, Germany
Sept.-Nov. 1994	Visiting Fellow at the Institute of Development Studies, University of Sussex, Brighton, England
1987	Visiting Fellow at the Institute of Latin American Research, Hamburg
since 1991	Co-editor of the newsletter of the Specialist Group "Computers in Developing Countries" of the German Computer Society

Consultancy experience:

since 2000	Carl-Duisberg-Gesellschaft, training activities in Participatory Appraisal of Competitive Advantage (PACA) methodology to support local economic development initiatives
since 1999	Economic Commission for Latin America and the Caribbean (ECLAC), Santiago de Chile <ul style="list-style-type: none">– advisor on research methodology in research project on Resource-Based Clusters– report on German SME support system for project Institutional Requirements for Market-Led Structures in Latin America and the Caribbean
since 1997	International Institute for Labour Studies, Geneva <ul style="list-style-type: none">– research project Global production and local jobs: New perspectives on enterprise networks, employment and local development policy– project Decent Work and Global Competition: New Roles for Enterprises and their Organizations
since 1997	Fundação Empreender, Brazil <ul style="list-style-type: none">– development and application of rapid appraisal methodology to initiate and accompany local economic development efforts

- since 1994
- German Agency for Technical Assistance (GTZ)
- policy paper on SME promotion in Mercosur (1999)
 - policy papers on linking economic promotion and poverty alleviation (1998/99)
 - fact-finding mission on inter-firm co-operation and environmental management (1997/98)
 - scientific advisor of pilot project Strengthening Environmental Technological Capability in Developing Countries (since 1997)
 - mission to prepare technical assistance for Ministry of Trade and Industry, Paraguay (1997)
 - policy paper on technology transfer and climate policy (1994)
- since 1988
- Friedrich-Ebert-Foundation
- seminars and workshops with officials in charge of local economic development in São Paulo and ABC region (since 1998)
 - workshops with officials in charge of local economic development in Argentina (1998)
 - several country reports on Brazil, South Korea, Taiwan
 - several research reports on technology policy and industrial policy

Teaching experience:

- March and September 2002, February, April and June 2003
- One-week-training courses on local economic development for GTZ practitioners
- 1999/2000
- Lecturer at the University of Duisburg, Faculty of Social Science
- 1997 / 98
- Head of teaching at GDI (overall topical and organizational responsibility for GDI's postgraduate course, advising students on professional perspectives and other issues, managing contacts with potential employers; organization of other training activities, especially for the junior diplomats of German Foreign Office)
- 1996/97, 1998
- Lecturer at Humboldt-Universität Berlin, Faculty of Social Science
- 1988 – 1998
- involved in postgraduate training at German Development Institute
- lectures on technology and industrial development
 - team leader in two country working groups (1990/91, 1995/96) with 11 weeks of field research in Brazil
- 1988
- Lecturer at Hamburg Polytechnic, Department of Construction Engineering (course on social impact of technology)

Evaluation experience:

- 2001
- Project Progress Review of GTZ-funded “Economic and Human Resources Development Programme”, Indonesia
- 2000
- Project Progress Review of GTZ-funded “Enterprise Information Project”, Sri Lanka (team leader)

- 1996 Evaluation of a series of workshops on “Efficient Use of Energy”, organized by Carl-Duisberg-Gesellschaft on behalf of the Development Cooperation Department of the State government of Berlin
- 1995 Evaluation of GTZ-project ISAT (Information and Advisory Service on Appropriate Technology)
- investigation of procedures at GTZ headquarter and interaction with other GTZ departments
 - visit to ISAT partner institution in Brazil
 - visits to comparable institutions in the Netherlands and UK
- 1992 German Ministry for Economic Co-operation, multi-country evaluation of technology-related projects in technical assistance:
- elaboration of the conceptual framework
 - evaluation of projects in Tanzania (Technical College Arusha, Institute of Production Innovation, Dar-es- Salaam)
 - evaluation of projects in Zimbabwe (Harare Institute of Technology, Vocational Training Center Msasa/Harare, Information/Education/Communication in Family Planning, Harare)

Other field experience:

- June 2003 Sri Lanka / 1 week, PACA training course for GTZ
- June 2003 South Africa / 1 week, PACA training course for GTZ
- May 2003 South Africa / 2 weeks, training workshops as part of Local Competitive Advantage Training Initiative (LOCATI) for InWEnt
- April 2003 Bolivia / 2 weeks, PACA training and exercise in Camiri
- February / March 2003 South Africa / 2 weeks, training workshops as part of Local Competitive Advantage Training Initiative (LOCATI) for InWEnt
- Training course for South African LED practitioners for GTZ
- February 2003 Mexico / 1 week, various lectures and seminars on Systemic Competitiveness
- January 2003 Thailand / 3 weeks, workshops with policy-makers on cluster promotion; follow-up on PACA work
- December 2002 Sri Lanka / 2 weeks, guidance of PACA in Kundasale, Central Province, for GTZ “Enterprise Service Systems Promotion Project”
- November 2002 South Africa / 2 weeks, training workshops as part of Local Competitive Advantage Training Initiative (LOCATI) for CDG
- 2 weeks, guidance of PACA exercise in Mbombela, Mpumalanga, for GTZ
- October 2002 Brazil / 3 weeks, advisory work and workshop facilitation for GTZ Competir project to strengthen value chains in Brazil’s northeastern states

August 2002	South Africa / 2 weeks, training workshops as part of Local Competitive Advantage Training Initiative (LOCATI) for CDG
June / July 2002	Brazil / 2 weeks, advisory work and workshop facilitation for GTZ Competir project to strengthen value chains in Brazil's northeastern states
June 2002	South Africa / 2 weeks, training workshops as part of Local Competitive Advantage Training Initiative (LOCATI) for CDG
May / June 2002	Thailand / 2 weeks, workshops with policy-makers on SME promotion and local economic development; follow-up on PACA work
April 2002	South Africa / 3 weeks, training workshops as part of Local Competitive Advantage Training Initiative (LOCATI) for CDG
February / March 2002	Brazil / 3 weeks, advisory work and workshop facilitation for GTZ Competir project to strengthen value chains in Brazil's northeastern states
January 2002	Thailand / 3 weeks, training of local professionals in Participatory Appraisal of Competitive Advantage (PACA) methodology on behalf of GTZ
December 2001	Sri Lanka / 2 weeks, presentations and workshops with professionals of GTZ "Enterprise Service Systems Promotion Project"
November 2001	South Africa / 2 weeks, preparation of Local Competitive Advantage Training Initiative (LOCATI) for CDG
October / November 2001	Brazil / 3 weeks, advisory work and workshop facilitation for GTZ Competir project to strengthen value chains in Brazil's northeastern states
June 2001	Scotland / 1 week, assessment of Scottish Enterprise cluster initiatives as part of an exchange of experience between Scottish Executive and the State Ministry on Economics of Northrhine-Westphalia
January, February/March and July 2001	Indonesia / 2 months, coordination of Regional Technology Transfer component in the "Evaluation of of the Indonesian Science, Research and Technology Landscape to Strengthen the National Innovation System in Indonesia", conducted by the Fraunhofer Gesellschaft on behalf of the Indonesian Ministry on Science and Technology and the German Ministry on Science and Education
January and March 2001	Indochina / 3 weeks, Fact-finding trips on Investment Promotion in the Greater Mekong Subregion on behalf of Asian Development Bank (Vietnam, Cambodia, Laos, Thailand, China, Philippines, Indonesia)
November 2000	South Africa / 2 weeks, application of the Participatory Appraisal of Competitive Advantage methodology in Secunda, Mpumalange province, on behalf of CDG
November 2000	Sri Lanka / 1 week, presentations and workshops with professionals of GTZ-funded "Enterprise Service Systems Promotion Project"

October 2000	Italy and Spain / 4 weeks, field research for joint INEF/IDS research project on Global and Local Governance and Industrial Upgrading
June 2000	Jordan / 1 week, training course for the Jordan National Competitiveness Team on clustering, networking, competitiveness, and methods to analyze and promote it
March 2000	Brazil / 4 weeks, monitoring of local economic development activities in Mafra; workshops with local economic development practitioners in São Paulo and ABC region; field research on competitive strategies of ceramic tile firms
October / November 1999	Brazil / 5 weeks, diagnostic of local competitive potential and presentation of proposals for local economic development strategies in two municipalities (Jaraguá do Sul and Brusque, state of Santa Catarina) and monitoring of activities in Mafra and Blumenau; workshops with local economic development practitioners in São Paulo and ABC region
February / March 1999	Brazil / 3 weeks, diagnostic of local competitive potential and presentation of proposals for local economic development strategies in one municipality (Blumenau) and monitoring of activities in Mafra
September 1998	Mexico / 1 week, lectures in hemispheric meeting of Friedrich-Ebert-Foundation officials
September / October 1998	Brazil / 4 weeks, diagnostic of local competitive potential and presentation of proposals for local economic development strategies in two municipalities (Mafra and São Bento do Sul, state of Santa Catarina); workshops with local economic development practitioners in São Paulo and ABC region
October 1998	Argentina / 1 week, workshops with local economic development practitioners in Buenos Aires, Rosario and Cordoba
April 1998	Brazil / 4 weeks, research on efforts to stimulate inter-firm cooperation and learning in environmental management in the states of Santa Catarina, Paraná and Rio de Janeiro
August 1997	Brazil / 2 week, organization and moderation of two workshops on local / regional economic promotion with participants from local governments and chambers of industry and commerce from various cities in northeastern Santa Catarina (together with Fundação Empreender / cooperation project between local chambers and the Chamber of Arts and Crafts of Munich)
March 1997	Paraguay / 2 ½ weeks, advisory work with the Ministry of Industry (as part of the preparation of a GTZ project to support the Ministry)
1996	Brazil / 3 weeks, advisory work with the Federation of Industries of Santa Catarina (elaboration of proposals for regional industrial and competitiveness policy, moderation of workshops with firms' representatives)

- 1996 Team leader: Brazil / 11 weeks, research on industrial competitiveness and perspectives for new governance patterns in Santa Catarina
- 1995 India / 1 week, representation of German Ministry of Development Cooperation (BMZ) at the conference “Global Forum on Industry – Perspectives for 2000 and Beyond”, organized in New Dehli by UNIDO and the Indian government
- 1995 Brazil / 2 weeks, preparation of research project in Santa Catarina
- 1994 Brazil / 2 weeks, update on changes in industrial and technology policy
- 1993 Brazil / 5 weeks, research on industrial policy, regional technology policies and industrial modernization strategies
- 1991 Team leader: Brazil / 11 weeks, survey of modernization strategies in capital goods enterprises (joint project with National Development Bank / BNDES)
- 1990 Brazil / 3 weeks, research on new orientation in industry and technology policy
- 1989 Brazil / 3 weeks, research on informatics policy and the situation of the informatics industry

Other experience

- 1981–1987, 1994 Singer in a choir (“Hamburger Sangerhaufen”, “Brandenburgischer Kammerchor”)
- 1975 – 1985 Voluntary work at the YMCA (Westerstede: organizing weekly events and vacation camps for groups of kids; Hamburg: organizing workshops on development policy and other issues)

Computer knowledge

profound knowledge in DOS/Windows/Windows 98/XP, Word for Windows, Excel, Harvard Graphics, Powerpoint; basic knowledge in UNIX (as necessary for operation of Internet services) and HTML
